AUTISM RESOURCE CENTRE LAHORE

The Autism Resource Centre Lahore (ARCL) was established in 2015 by Dr. Ahmad Faraz Bhatti, driven by a personal commitment to improving the lives of children with autism, inspired by his own experiences as a parent. As a non-profit organization, ARCL has become a beacon of hope for families navigating the challenges of autism. Led by Syeda Mehwish, the center prides itself on a team of highly educated and trained professionals, including therapists, educators, and support staff, who specialize in autism spectrum disorders. ARCL provides a wide range of services, including therapeutic interventions, personalized education plans, and skill-building programs, designed to help children reach their full potential. With its state-of-the-art facilities and a strong emphasis on innovation and care, ARCL has established itself as a trusted and leading institution for autistic children, ensuring their growth in a supportive and inclusive environment.

3

2022 – March

- RBT Training Session day 1
- Day 2
- Day 3
- Day 4

Annual Fun Fair – A Day of Joy and Socialization

"ARCL hosted a vibrant Annual Fun Fair, bringing together our children and their families for a day filled with fun activities and delicious food stalls. After a long and structured academic year, this event provided a much-needed break, allowing children to enjoy, socialize, and build meaningful connections. Their laughter and excitement made this day truly memorable, reinforcing the importance of recreational activities in their development.

Faculty Training Workshop – Multan Branch

(Day 1)

Training and teamwork are essential for growth, and ARCL Multan embarked on its journey of learning through a specialized training workshop. Our faculty members participated in interactive sessions, strengthening their teaching approaches and strategies. As we always say, keeping together is progress, but working together is success!

(Day 2)

The second day of training was packed with insightful lectures on teaching methodologies, reinforcement techniques, attending skills, prompt fading, and verbal operants. These sessions equipped our educators with essential tools to enhance their teaching effectiveness and cater to the diverse needs of our students. Team ARCL Multan remains committed to excellence in education and support.

"Trash to Treasure" Exhibition – Showcasing Creativity

Our students proudly participated in "Trash to Treasure", an inspiring exhibition organized by The Trust School. Participants from over 15 schools, including special, vocational, and mainstream institutions, showcased their projects created from reusable materials. This event provided great exposure for our children, emphasizing sustainability and creativity. We extend our gratitude to The Trust School for including neurodiverse students in such an educational initiative. Our students were honored with certificates and gifts, making this event a truly rewarding experience.

Orange Day Celebration

"Every child with special needs is a unique flower, and together, they make the world a beautiful garden." At ARCL, we celebrated Orange Day with exciting activities, where children learned, played, and shared joyful moments. This event fostered inclusivity and encouraged self-expression, making it a meaningful day of learning and fun.

Sports Day

Our champs and fairies shined at Sports Day, where they showcased their skills, determination, and sportsmanship. They ran, they fell, they rose, they achieved, and most importantly, they inspired us all. Every race and game reflected their inner strength, proving that champions are made from passion, vision, and perseverance. We are incredibly proud of their spirit and resilience!

RBT Coursework – Interactive Training Sessions

The journey towards skill enhancement began with our RBT (Registered Behavior Technician) Training Course, equipping participants with essential behavioral strategies.

Day 1

Day 2

We were honored to have Dr. Mansur Choudry join us from Oklahoma. His dedication and engaging teaching methods made the session highly interactive and impactful.

Day 3

The session covered pairing compliance and reinforcement strategies, deepening participants' understanding of effective behavioral approaches.

Day 4

A session filled with enthusiastic learners, where interactive discussions and engagement made the learning experience even more valuable.

AUTISM AWARNESS MESSAGE

Many autistic individuals experience heightened sensitivity to sounds, lights, and textures. Understanding their sensory needs and making adjustments can help them feel more comfortable in their surroundings. Something as simple as providing a quiet space or reducing bright lights can make a big impact. When we accommodate sensory needs, we create an environment where everyone can feel safe and included.

OUR VISION

The Autism Resource Centre aims to become nationally and internationally acknowledged Centre with the distinction of implanting Quality services combined with outstanding outcomes through conducive learning environment, experienced staff, efficient, and friendly management.

OUR MISSION

The mission of the Autism Resource Centre (ARC) Lahore is to support individuals with autism and their families by providing education, therapy, and resources. We aim to develop each child's potential, improve their quality of life, and prepare them for integration into mainstream schools, fostering a better understanding of autism across communities.

Support Us

Your support can transform lives at ARCL. Every donation helps us provide a safe, empowering space where children with autism can thrive. Together, we can offer quality education, life-changing therapies, and a brighter future for these incredible kids. Join us in this journey of hope and possibilities—because every child deserves a chance to shine. Donate now and make a lasting impact!
